

Meeting Date:	CITY OF STOCKTON	
March 28, 2011		
COMMITTEE:	Plan & Zoning	
THOSE PRESENT:	Jack Roberts & Dixie Brown & Bill Trygstad Beth Winchester & Wm Wehlage Chris Parker & Adam Johnson	
DISCUSSION POINTS:		
Schell:	Wants to change the piers, but no site plan - Wait for site plan to determine building permit	
City Hall:	Request was made to hold daycare in City Hall, but not up to fire codes. Daycares have stricter rules & inspections and City shouldn't have to foot the bill for upgrades to become compatible.	
Burton House:	Potential buyer would like to par semi on property - Ordinance #109 states no semi tractor or trailer on city street unless permission by City Council. "Mill" bridge is restricted to 10 Tons. Requested home owner and buyer to come to the April 12th council meeting.	
FEMA:	Flood maps will be redrawn from information received at meeting on March 21st. Should be able for City to use the maps by June 2012 with total completion of Winona County by November 2013. Wehlage requested Chad to look at 8480 E. 9th for water run-off, going across street and not down the ditch.	
High Speed Rail:	Chris went to the Rochester meeting, and they may be out of the loop. Whole project might fail as well.	
RECOMMENDATIONS TO COUNCIL:		
(ACTION REQUESTED)		
Water Run off:	8480 E. 9th Street not going down ditch, running across road, see if Chad can fix.	
Next Meeting:	Monday, April 25, 2011 - 7:00 P.M.	
<i>Please complete and submit this form to the City Council for each Committee meeting held.</i>
